**SAVE OUR COMMUNITY  
SAVE OUR GREENSPACE  
RALLY**

**Sunday, March 8, 2026**

**1 PM**

**Campeau Drive sidewalk, just  
east of Kanata Ave**

Join us on Sunday, March 8, at 1 pm for a rally to Save Our Community, Save Our Greenspace.

Location: the sidewalk in front of the Kanata Golf Club Clubhouse - Campeau Drive, just east of Kanata Avenue.

We want to send a strong message to the City, the Provincial Government, and the developers (Minto, Richcraft, and ClubLink) that the community is not backing down. We've been fighting for 7 years, and we will keep fighting.

Who we are: We're a group of longtime residents and community organizers who love our Greenspace and want to protect our community from potential flooding and toxic contamination.

We encourage our neighbours to join us. Bring your friends, bring your family, BRING A SIGN, and stand up for our community.

We ask all participants to be civil, peaceful, and law-abiding.

We will be following all local by-laws, such as staying on the sidewalk and not obstructing traffic or blocking entrances to private property.

The best way to meet up with us is to walk over (without crossing the KGC lands) or carpool and park nearby.
