

RichCraft Fall Recreation Season

[To register](#)

Mark your calendars! The new **Fall Recreation Schedule at Richcraft Recreation Complex-Kanata** kicks off **August 31** and runs through **December 20**—and there's plenty to look forward to!

We've been busy behind the scenes, making improvements and adding **even more services and opportunities across our recreation areas**. So, whether you're looking to get active, try something new, bring the family, hit the gym, or simply enjoy everything the complex has to offer, there's something for everyone this fall!

SPECIAL NOTICE: ANNUAL FACILITY SHUTDOWN

Before we dive into fall programming, here's an important reminder for residents: Richcraft Recreation Complex will undergo its **annual facility shutdown** in September. This temporary closure allows our teams to roll up their sleeves and complete essential work throughout the facility, including:

-  Deep cleaning
-  Preventative maintenance
-  Painting and touch-ups
-  Annual maintenance and facility improvements

These improvements help us ensure the facility is **clean, safe, refreshed, and ready to welcome everyone back for a great session!**

PLEASE TAKE NOTE OF THESE CLOSURES:

Aquatics Services

Closed September 8–27, inclusively

Full Building Closure

Closed September 8–14, inclusively

We appreciate everyone's patience and understanding while this important work takes place.

AND NOW... THE BIG NEWS!

The Fall Schedule is NEW. It's IMPROVED. And it's PACKED with opportunities!

We've worked hard to add **additional services in each of our recreation areas**, giving residents more ways to participate, stay active, have fun, and make the most of their community recreation facility.

 **Be sure to check out the new and improved Fall Recreation Schedule online** and start planning your fall. Available online August 24th.

FALL IS CALLING!

From **August 31 to December 20**, Richcraft Recreation Complex is ready to help make this fall an active, healthy, and connected one.

So tell your neighbours. Tell your family. Tell your friends...
